NOTHING BUT TROUBLE

You ever have the feeling that
You've constantly been dreaming this is life
Everyone I know is not around
And Lucy's still been crawling underground

They're eating all my shotgun smiles
Yeah eating all my shotgun smiles
I'm nothing
I see nothing but double

Don't listen to me
I'm nothing but trouble
I'm losing my mind

I don't wanna see another night
No I don't wanna taste another lie
The walls are breathing in and out and I
Continue to deny another

Don't listen to me
I'm nothing but trouble
I'm evil inside

BLACK OUT DAYS

Hide the sun
I will leave your face out of my mind
You should save your eyes
A thousand voices howling in my head

Speak in tongues
I don't even recognize your face
Mirror on the wall
Tell me all the ways to stay away

Stay away

Dig a hole
Fireworks exploding in my hands
If I could paint the sky
Would all the stars be shining bloody red

Stay away

I'm hearing voices all the time and they're not mine
I'm hearing voices and they're haunting my mind

Black out days

I don't recognize you anymore

FALL IN LOVE

Love
It was enough to recognize
To see
I was the reason you feel sick inside

Fall in need

I let you bleed
'Cause you were falling
I'm sorry baby
'Cause you were falling
I'm sorry

Love
It cut a hole into your eyes
You couldn't see
You were the car I crashed
Now you're burning alive

Babe
The night has swallowed my soul
Could it be that I fell apart
It shows
The lines on my face ate away my smile
Could it be that I fell apart

Fall in need
I let you bleed
'Cause you were falling
I'm sorry baby

Fall in need

NEVER GOING HOME

Baby don't die on me
I believe in trust
Late night I go to sleep
Wondering what is real

If this is love
I'm never going home
If this is love
I'm never going home
If this is love

Mama you scream to me
"After all these years" ...
Daddy you point the gun
Oh this holiday is fun

If this is love
I'm never going home
If this is love
I'm never going home

THE DAY YOU DIED

What would I do
If it didn't affect you
Merry go round
And round and round
Tell me the truth
I know that you're leaving
Tell me the truth
I know it's you

Strange it didn't affect me
Strange it didn't affect me
Oh
Stay
Signal to your heart
We got nothing at all

What should I do
It completely destroyed you
Swimming around
Around and drown
Tell me the truth love
I know that you need me
Tell me the truth
I know it's you

I don't care to say goodbye
'Cause I'm feeling nothing
Signal to your heart
We've got nothing at all

'Cause even if you wanna try
To see if there's something
A driver to your heart
We've got nothing at all

HOWLING AT THE MOON

I got everything
And I know what to do
I can run the show
Count the inventory too
Howling at the moon
Howling at the moon
I can fire .45's all day into the sun
And say goodbye

Not the shooting stars
Not the crashing cars
Not the future past
Was made to last
I didn't know
I didn't know

At night I cry and howl at the moon

Say goodbye for now
And I'll say it again
All the stars at night
Won't save my friend
Howl at the moon
Howl at the moon

At night I cry and howl at the moon

And if I ever fall asleep
I'll turn it around and face the scene
Yeah I will crucify my dreams to be on your side
To see you alive
To see you alive

BAD DREAMS

Bad dreams never affect me
I'm not afraid of the concrete
Bad dreams never affect me
I'm not afraid of the concrete

I'm not doing this all in fun
I just gotta go
I'm not doing this all in fun
Just say goodbye
Baby you've got soul

To changing me
And I believe this happened once before
To changing me
And I predict the world will be all gone
To changing me
And I can see the same things that you see
To changing me
'Cause I predict the world

Bad things never neglect me
I'm just a scene in a movie
Bad thoughts never arrest me
I'm just a flash in a memory

To changing me
And I believe this happened once before
To changing me
And I predict the world will be all gone
It's a shame you never knew it
And I can see the same things that you see
It's a shame you never knew it
'Cause I predict the world

BILL MURRAY

Am I lonely
Oh it feels like
When the day breaks
Am I wanted inside
Say goodbye
'Til you feel liked
Wave a goodbye
When your heart's not in line

Burning star

Am I lonely
'Cause it feels right
If I look up
Can you keep me alive
Wave goodbye
To your family and friends
Those lost ends
And your eyes bleed
When you see
'Cause nothing works inside

Burning star

I DON'T BLAME YOU

And when you talk
I'm barely listening
I'm on the wrong side of town
And I'm wrapped up in gauze
I should have known
That I could turn around
It's taking everything
It's taken everything
I don't blame you
No I don't blame you

It's just a day
I'm feeling something connect
A happy day
Should never have to hurt so bad

'Cause I don't blame you
No I don't blame you

It's just a day
I shoulda slept it off
I shoulda stayed in bed
I shoulda took your call

CELEBRATING NOTHING

Tell myself I'm fine
In celebrating nothing
And all the time I waste
On celebrating nothing

How many times can I blow it all
How many times will I burn it down

Give me a reason to stay alive
I've got the feeling we're gonna die

I hide behind
My eyes
And lies
And broken mirrors
And every day I say
This time
Around
My vision's getting clearer

How many times can I blow it all
How many times will I burn it down

Give me a reason to stay alive
I've got the feeling we're gonna die

MY ONLY FRIEND

I had all the stars with you
And I had enough

I will wait outside
As long as you are alright
I will know to die
You are beloved
You are beloved
You are

I will wait outside
As long as you arrive
I will wait outside
You were cold last night
So cold
My god
So cold

Hide your broken bones
In my hands
You've lost your battle
And I
I had it all
We had it all
And we don't have to ask why

Believe the lies
That people tell you
You've lost your battle
And vines and tiny thorns
Inside your wound

You're all I have
My only friend
You're all I have
My only friend
You're all I have
My only friend

I had all the stars with you
